

# One Council, one borough, many challenges

## Borough Solicitor

### Up to £108k

Brent is a large and diverse London borough with an innovative council at its heart. We've made considerable progress over the last decade, achieving massive improvements in frontline service delivery and growth in multi-partnership working. Improvement and efficiency are key issues for the next few years, with employee relations, procurement and major capital projects likely to be high on the agenda of the legal services team.

Reporting to the Chief Executive, you will provide high-quality legal advice and support to both officers and elected members, using your expertise to find positive, creative solutions to complex issues.

As the Council's Monitoring Officer, you will be responsible for promoting good governance. You will also oversee a small but efficient elections team.

You'll combine a successful legal track-record and strong political acumen with a flair for strategic thinking. You will need real understanding of local government legislation and case law, and experience of managing both people and resources. It is also crucial that you have highly developed communication and influencing skills and the ability to nurture relationships with a wide range of internal and external stakeholders.
